Mar-23	1	Complaint raised by local resident re early morning truck noise. Road is 24 hour truck route. Quarry Manager met with resident and advised that next round of the quarry's noise monitoring would include additional monitoring at the property + the quarry will install additional signage at the quarry to remind heavy vehicles to minimize speed over the bridge near the property.
Feb-23	0	
Jan-23	1	Due to delayed blast, Neighbour called the quarry as he was home and felt the blast. Neighbour advised it was a courtesy call. Quarry staff advised blast was late due to operational issues on site and that the monitors showed that there had been no trigger at the existing monitoring sites, however a monitor would be located at his property for the next blast. Monitor placed next blast (24.02.2023) - no trigger recorded for the monitor at the property.
